Fight Must Go On.
"We have made an honest fight on an honest platform. And having done our duty as we saw it, have nothing to regret.

We are defeated, but not discouraged. The fight must go on. "I am sure that republican policies will be repudiated by the people when the tendency of these policies is fully understood. The fight between plutocracy and democracy cannot end until one or the other is completely triumphant"—W. J. Bryan.

Robbed The Grave.
A startling incident is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and now I am a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50c, guaranteed, at Geo. James & Co's

The core of the Atchison coal well, the fruitful boring of which has created the latest stir in the mining interests of the state, has been carefully boxed and sent to the state university at Lawrence. As it is nearly 1,300 feet long and well preserved in sections ten feet in length, it will be of much value to the university geological survey in the preparation of its reports on the geological formation of the northern part of the state. The coal, which was found in 22, 36 and 28 inch veins at depths of 800, 1,123 and 1,188 feet, is now being analyzed under the direction of Prof. Haworth, and gives promise of proving of an excellent quality.

A Good Thing.
German Syrup is the special prescription of Dr. A. Boesche, a celebrated German physician, and is acknowledged to be one of the most fortunate discoveries in medicine. It quickly cures coughs, colds and all lung troubles of the severest nature, removing, as it does, the cause of the affliction and leaving the parts in a strong and healthy condition. It is not an experiment medicine, but has stood the test of years, giving satisfaction in every case, which its rapidly increasing sale every season confirms. Two million bottles sold annually. Boesche's German Syrup was introduced in the United States in 1868, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75c.
